

Mom, you're
fan-cactus!

Supplies needed:

- Green construction paper
- Scissors
- Pencil
- Glue or glue stick

Merrifield
GARDEN CENTER

Steps:

1. Place your kids hand on the construction paper.
2. Trace their hand.
3. Cut out the shape of their hand.
4. Cut out the pot and flowers from the printable. Fold the pot in half so it opens like a card.
5. Place the handprint behind the pot fold so the pot overlaps where the palm was placed. Glue it in place.
6. Add the flower embellishments and draw on eyes and a smile.
7. Open up the pot and add your kid's name and age. Bonus points if the kids can attempt to write their own name!
